

Keep Your City Clean

Adopt-the-Highway Company

Why Hire Us?

- Our crews can be at your disposal for much less than you might expect.
- We are a private contractor that is uniquely positioned to help your city.
- Our job is simple; we pick up trash. Whether it's on the highway, on a city street, after an event or just about anywhere else.

Potential Savings

- Most cities would agree that their regular employees are either too skilled and/or too busy to be burdened with the job of picking up loose trash.
- Your street sweepers and other machines can't get it all, and that's where we can be utilized.
- Our crews will pick up what your machines can't and focus on the areas of your city that require a hands-on approach.

What We Do

- We can clean your streets, your parks, your schools, you name it and we'll clean it.
- Whether your needs are on a weekly, monthly or special event basis we can be your solution.

Cities in Program

- Sacramento
- Pismo Beach
- Thousand Oaks
- Agoura Hills
- Glendale
- Monterey
- San Bernardino
- Suisan City

Whatever it Takes

- We can create a customized solution to your needs, whether they are daily, weekly or monthly.
- We can work with your budget and reduce costs, while enhancing your community.
- If you would like to explore this further I would be happy to meet with you.
